

## Movie Screening Jan. 24th in Sharbot Lake "Age of Stupid"

Friday, 16 October 2009

Last Updated Monday, 14 December 2009

This movie is delivered from the vantage point of 2055, a time in the future when the environmental problems facing the planet have amplified and reached a level of urgency never before experienced by the global community. It is a "scorching appeal for humans to avoid knowingly up-ending the earth's climate". People are reflecting on their world and asking a multitude of questions. How could they have let this happen, where were our world leaders, where were our politicians — the science was available, the signs were clear. What state of mind were they in, to face disaster and simply shrug it off? The Earth is on a course to dramatic change in the near future. Most people think that this is a bad thing. Come and watch the movie — the argument for changing our course is compelling. It will galvanize you into action! MOVIE: THE AGE OF STUPID. LOCATION: Soldiers Memorial Hall, 1107 Garrett Street, Sharbot Lake, Ontario. DATE: Jan.24, 2010, at 1pm. Price is \$10. The viewing will be followed by a brief discussion....and there are door prizes.
